Comments/explanations/recommendations

Most popular menu if everyone is eating at same time is petite stuffed chicken breast, red skin parsley potatoes, whole green beans, penne w/marinara, salad, roll and butter.

If folks will be coming and going and standing around talking the most popular is our chicken tender and pulled pork sliders as entrees, a potato, penne w/marinara, pasta salad. These items “hold” better for a long length of time.

Dropoff/setup/pickup most popular option for most small parties

This means we bring the food to you along with chafers and fuels to keep it hot, an extra hot box with any backup food, and serving utensils.

Then we come back when you’re almost done and any leftover food (good refrigeration required) we place into a disposable pan for each item for you to take home, clean our equipment and leave.
